

**PAW PAW LAKE ASSOCIATION  
NEWSLETTER – MAY, 2010**

**WEED TREATMENT**

Weed treatment is scheduled to take place on June 2 and 3, weather permitting. PPLA volunteers will be placing flags on properties one or two days before the treatment. We can still use help in placing flags. If you will help, please call Joe Stepich at 463-3747. If you leave a message, please leave your name, phone and address. Thanks.

The lake foundation will not do a weevil pilot in Smith Bay, as they were considering. If you did not sign up for our weed treatment because of this pilot or for another reason and want to sign up now, please get your application and payment in no later than May 23. To get the application, go to the PPLA website at [www.ppla.info](http://www.ppla.info).

The Coloma and Watervliet Township Boards' Lake Improvement Project is progressing. The Spicer/ J. F. New reports are completed and will be presented to both Boards at a joint meeting on Wednesday, May 19 at 7 pm at the Coloma Township Hall. Following this meeting, the Boards will develop the specific action plan, which will be presented at a Public Hearing early this summer. A second Public Hearing will also be held this summer if a Special Assessment District is determined to be necessary, which is a very strong possibility. Dates of all Board meetings and Public Hearings will be announced.
